Apprenticeship Prep - Labor & Industries (L&I), Washington

Sick building syndrome (SBS) is a medical condition where people in a building suffer from symptoms of illness or feel unwell for no apparent reason. The symptoms tend to increase in severity with the time people spend in the building, and improve over time or even disappear when people are away from the building.

Sick building syndrome - Wikipedia

Print Reading for Construction provides a practical way to learn and master the skill of print reading for construction. It is a combination text/workbook that teaches the interpretation and visualization of residential and commercial construction prints.

Architecture is both the process and the product of planning, designing, and constructing buildings or any other structures. Architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of art. Historical civilizations are often identified with their surviving architectural achievements.

Architecture - Wikipedia

9-5 The drawing number is a serial descriptor identifying the individual blueprint, so that there can be a level of control when discussing, ordering, building or inspecting a part or assembly.
