The Bulletin of the SIS. The Bulletin is the Society's journal, published four times a year and sent free to members. It is attractively produced and illustrated, and contains information and articles about a wide range of instruments, as well as book and exhibition reviews, news of SIS activities, and meetings of related societies.

Bulletin of the Scientific Instrument Society

The final purpose of most scientists is to post their studies findings in expert scientific reports. This includes peer-reviewed journal articles, which record original findings and make a contribution to the global pool of scientific knowledge.

Sample Scientific Report - 6+ Documents in PDF

science is summarized after the fact in textbooks and journal articles than how science is actually done. The simplified, linear scientific method implies that scientific studies follow an unvarying, linear recipe. But in reality, in their work, scientists engage in many different activities in many different sequences.

PB 1 How science works - Understanding Science

The Journal of Young Investigators (JYI) is an international scientific research journal run entirely by undergraduates, and publishing only undergraduate science research. JYI is committed to filling a major gap in undergraduate science education: peer

Writing Scientific Manuscripts - Overview

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.
