Business Analysis Agility. Despite our technological advances, the biggest problem is still the human one: how to correctly understand the customer's real problem, and how to ensure that your solution is correctly solving that problem.

Business Analysis Agility - Volere

Business-to-business (B2B or, in some countries, BtoB) is a situation where one business makes a commercial transaction with another. This typically occurs when: A business is sourcing materials for their production process for output (e.g. a food manufacturer purchasing salt). Example- Providing raw material to the other company that will produce output.
