But entrepreneurship is encouraged if there is a mobile and flexible labor force. And, the potential advantages of low-cost labor are regulated by the deleterious effects of labor immobility. The considerations of economic and emotional security inhibit labor mobility. Entrepreneurs, therefore, often find difficulty to secure sufficient labor. 3.

### **Entrepreneurship Development**

Entrepreneurship Development 1 Entrepreneurship is the art of starting a business, basically a startup company offering creative product, process or service. We can say that it is an activity full of creativity. An entrepreneur perceives everything as a chance and displays bias in taking decision to exploit the chance.
