Mango Languages. Previously, I did not review Mango Languages because they only offer one demo lesson, and I didn't feel as if that was enough to really see how the website works. Mango for Libraries, however, allows me to use all of Mango's features for free by logging in with my American library card number.

Introduction by Graham Davies. A concordance, according to the Collins Cobuild English Language Dictionary (1987), is an alphabetical list of the words in a book or a set of books which also says where each word can be found and often how it is used. I first came across the term concordance from one of the lecturers who taught me at university during the early 1960s.
