The diaphragm is a barrier method of birth control. It is moderately effective, with a one-year failure rate of around 12% with typical use. It is placed over the cervix with spermicide before sex and left in place for at least six hours after sex. Fitting by a healthcare provider is generally required.

Principles and Practices of Management 7 Unit " 1 Management an Overview Q.1. Define Management and describe its essential characteristics or nature. Ans. According to Harold Koontz, "Management is an art of getting things done through and with the people in formally organized groups.

Concept based notes Principles and Practices of Management

In demographics, the world population is the total number of humans currently living, and was estimated to have reached 7.7 billion people as of November 2018. It took over 200,000 years of human history for the world's population to reach 1 billion; and only 200 years more to reach 7 billion.. World population has experienced continuous growth since the end of the Great Famine of 1315-17 ...
