### **Promoting sport and enhancing health in European Union**

A national sport is considered to be an intrinsic part of the culture of a nation. Some sports are de facto (not established by law) national sports, as baseball is in the United States and Gaelic games are in the Ireland, while others are de jure (established by law) national sports, as lacrosse and ice hockey are in Canada. These sports do not have to be necessarily the most played or most ...

The precise definition of what separates a sport from other leisure activities varies between sources. The closest to an international agreement on a definition is provided by SportAccord, which is the association for all the largest international sports federations (including association football, athletics, cycling, tennis, equestrian sports, and more), and is therefore the de facto ...
