Written during the second half of the sixteenth century and first published in 1618, The Plum in the Golden
Vase is noted for its surprisingly modern technique. With the possible exception of The Tale of Genji (ca.
1010) and Don Quixote (1605, 1615), there is no earlier work of prose fiction of equal sophistication in world
literature.

Plum is used as a food plant by the larvae of some Lepidoptera, including November moth, willow beauty and short-cloaked moth. The taste of the plum fruit ranges from sweet to tart; the skin itself may be particularly tart. It is juicy and can be eaten fresh or used in jam-making or other recipes. Plum juice can be fermented into plum wine.
