The public nature of meaning / | Request PDF - ResearchGate

This chapter explains that the nature of the concept of public law is revealed only by examining the conditions of its formation. Public law is a modern concept which offers an account of governing authority in legal terms and is formed by reworking the medieval idea of natural law against the background of the emergence of the modern idea of the sovereign state.

Nature of Public Law - Oxford Scholarship

meaning of public administration but also its nature and scope. 2. Conceptual clarification A review of literature shows that an understanding of public administration cannot be sufficient without first of all understanding the concept of Administration. Like other fundamental concepts in political science and
