Dragon’s Fury - World War against America and the West by

The role of slavery in bringing on the Civil War has been hotly debated for decades. One important way of approaching the issue ... By the early 1700s, in British North America, slavery generally meant African slavery. Southern plantations using slave labor produced the great export crops—tobacco, rice, forest products, and indigo—that

Slavery: Cause and Catalyst of the Civil War

War Against the Weak is a sobering account of what can happen and has happened even in a free country like the United States, and is an important historical witness as we move into a new genetic age. It will surprise many readers to know what has happened in just the past century, but Black’s account is fair and well documented throughout.
